## MasterMind

Virtual MasterMind (MM) over 7 months. Each participant will choose up to 3 items they'd like to focus on over the duration of the program. Each participant will create a plan to bring their focus areas into alignment and fruition and an additional plan to focus on their happiness and self-care. Each participant will receive an intake call to discuss the area of focus.

There will be a private group chat setup for participants to talk and network with one another.

There will be 1-hour individual sessions each month, as well as a group call each month, wherein participants can discuss their individual focus areas and contribute to other MM participants as appropriate.

We will hold two private events for the MM participants that will be tailored to the needs of the individual participants and the group. Each participant will get to spend time with Rabiah Sutton, her team and any guest speakers.
